### UNI-COM Foundation

California is alive with activity in parapsychology, metaphysics and other significant areas of human growth potential. Uni-Com Foundation directly supports this activity by serving as its information hub.

The major service which the Foundation now provides is UNI-COM GUIDE, a **monthly** calendar of spiritual and personal awareness activities scheduled throughout California. This popular publication allows "new age" organizations to announce in advance the dates and contents of their meetings to a large and interested audience of individuals and other organizations. The cost of publishing UNI-COM GUIDE is supported by paid advertising and by modest subscription fees of \$3/year, or \$5/two years.

In the process of gathering information for UNI-COM GUIDE, the Foundation becomes aware of leaders who are available for service in counseling, speaking, teaching, research, seminars and retreats. Frequently this awareness, discreetly coupled to organization needs for such talent, results in effective new relationships. Uni-Com Foundation does not solicit funds for this and other informal services but is supported by those who see the value of such work and voluntarily wish to become a sustaining part of it.

Uni-Com Foundation is a non-profit and non-denominational corporation which lovingly encourages the achievement of a loving society. Uni-Com also offers two additional services of a mail order book catalogue and a small monthly pamphlet of articles by Metaphysical teachers.

P.O. BOX 11716, PALO ALTO, CA. 94306

UNI-COM FOUNDATION is a non-profit, non denominational corporation, serving in the fields of Parapsychology and Metaphysics, formed primarily to serve at the request of groups, individuals, and churches who desire greater effectiveness. We seek to act as a resource center and to be a bridge between groups. The goal is to be a servant-organism in the fulfillment of the master plan for this world. We know of teachers and speakers who are available for whatever service they can render in counseling, speaking, teaching, research, seminars and retreats. UNI-COM FOUNDATION does not solicit funds, but is supported by those who see the value of the work we are doing and voluntarily wish to become a sustaining part of it. There are no specific financial requirements placed on the local groups for our service.

# OUR GUEST

IT IS WITH GREAT PLEASURE THAT WE BRING YOU A WRITTEN STATEMENT FROM THOSE AT WORLD GOODWILL IN NEW YORK REGARDING THE THREE SPIRITUAL FESTIVALS. THIS WAS SENT TO US BY MICHAEL NAGEL, AND IT IS UNI-COMS WISH THAT WHAT EVER YOUR BELIEF YOU JOIN IN THIS THOUGHT FOR THE LAST REMAINING FESTIVAL FOR THE YEAR 1973 AND THAT YOU WILL JOIN WITH THOUSANDS OF OTHERS AROUND THE WORLD NEXT YEAR FOR ALL THREE FESTIVALS.

## THE THREE SPIRITUAL FESTIVALS — 1973

### An Invitation to Men and Women of Goodwill

This is a time of preparation, not only for a new civilization and culture in a new world order, but also for the coming of a new spiritual dispensation.

Amidst the turmoil of world affairs a divine Plan is unfolding. At the end of an age, human resources and institutions seem inadequate to meet world needs and problems. At such a time a World Teacher is invoked by the united aspiration of humanity—a spiritual leader who can cooperate with humanity if humanity does its part in rebuilding the shrine of man's living.

This year, men and women of goodwill throughout the world who recognize the spiritual unity of man will join in united world invocation by celebrating the *Three Spiritual Festivals*.

*The Festival of Easter*, celebrated on April 16, is the Festival of the risen living Christ, the teacher of all men and the head of the spiritual Hierarchy. He is the expression of the love of God. On this day the spiritual Hierarchy, which he directs and guides, is recognized and the nature of God's love is emphasized and invoked into greater living expression within humanity.

*The Festival of Wesak*, celebrated on May 16, is the Festival of the Buddha, the spiritual intermediary between the Center where the Will of God is known and the Hierarchy. The Buddha is the expression of the wisdom of God, the embodiment of light and the indicator of divine purpose. On this day the wisdom of God is recognized and invoked into greater expression within humanity.

*The Festival of Humanity, World Invocation Day*, celebrated on June 15, is the Festival of the spirit of humanity aspiring towards God, seeking conformity with the will of God and dedicated to the expression of right human relations. On this day the spiritual and divine nature of mankind is celebrated and invoked into greater demonstration within the world of men.

On each of these days of the Three Spiritual Festivals, men and women of goodwill throughout the world will unite in group or individual prayer and meditation, using a world prayer which expresses truths central to all the major world religions:

#### THE GREAT INVOCATION

From the point of Light within the Mind of God  
Let light stream forth into the minds of men,  
Let Light descend on Earth.

From the point of Love within the Heart of God  
Let love stream forth into the hearts of men.  
May Christ return to Earth.

From the centre where the Will of God is known  
Let purpose guide the little wills of men—  
The purpose which the Masters know and serve.

From the centre which we call the race of men  
Let the Plan of Love and Light work out.  
And may it seal the door where evil dwells.

Let Light and Love and Power restore the Plan on Earth.

Will you join men and women of goodwill throughout the world in observing the Three Spiritual Festivals through the united use of the Great Invocation?

## FROM THE DIRECTOR

Isn't this a wonderful time to be alive! So much is opening up to all of us, things are being revealed as never before in our lives, people are seeking, searching, listening, and above all are asking what, why and how. If they do not find the answer in one place, they seek in another.....But the important thing is that they are seeking, they are asking. I think it would be very easy to say one could almost feel himself lifted on the wings of inspiration. Why? Because for many centuries man was seeking, he was looking, he was exploring, and he wanted to discover all that he could understand and experience with his five senses.

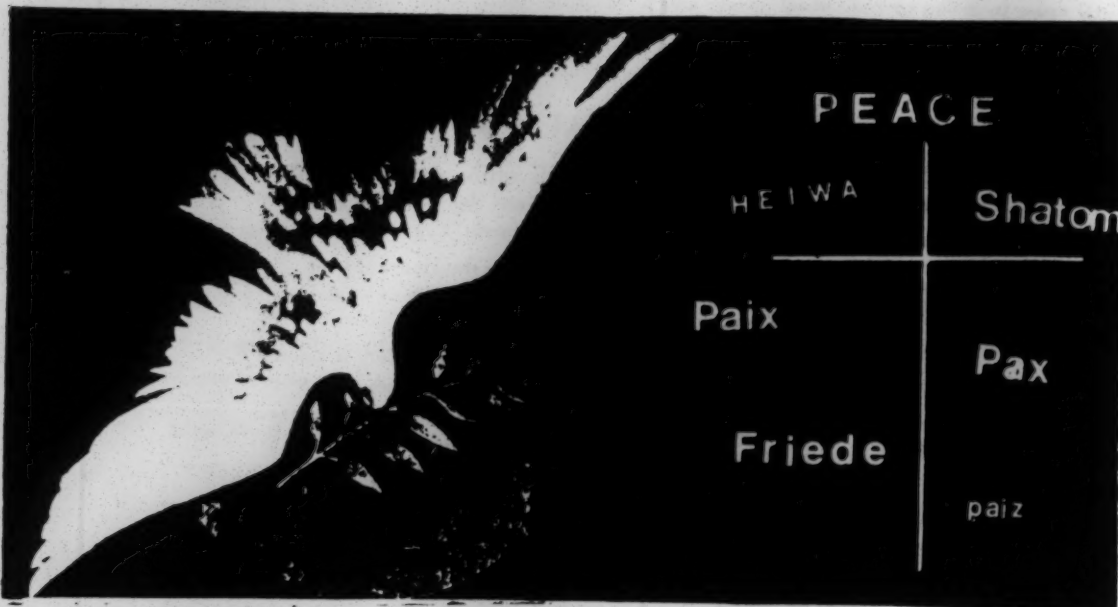

But today, a greater challenge and experience has come forth. Man is seeking to find his inner being, his inner self. To learn to be creative within himself. To find the answers of his future within the inner man. And in so doing he is reaching his own God self and is beginning to change and relate to others who are also seeking in the same way.

Each man as he looks within, then discovers that he was the cause of his own life, not some one else, and this in turn opens up a whole new field of vision for him. Things begin to happen as he listens to that small voice within. Takes his direction from his own God self, and begins to relate to others and for the first time to see what makes others tick.

Then comes this new feeling of wonder, of enlightenment, but as he gains he learns that much more is ahead, many new teachers are presented, many new fields of thought and action are revealed. The student is then on the path of that higher knowledge, It matters not what philosophy he follows as long as he is seeking for greater inner growth and development, because all paths end up together. But each of us must follow that which seems right to us.

Then we learn about something called Karma, and that we are in a pattern because we selected to play that role. So we stand by and submit to that which we think we can not control. We go thru the life accepting that which we our selves are creating. The next step we must take is to realize that when we find that inner man and become one with him we can release that "karma" and learn to rise above it. We can then really learn to live and enjoy what is here for our enlightenment. We can grow and grow and grow. No end to the expansion that is ours to have.

So lets learn to express thru each other our inner being our divine self and grow together to the higher and greater realms!

Uniscope is the only computerized horoscope that describes each house of the zodiac in terms of the planetary influences and how planets interact with each other in that house.

Sun and moon relationships are discussed at great length. Also, the ascending sign based on the exact minute of birth is analyzed.

Only Uniscope gives you a *detailed* 12,000 word character analysis based on exact time, day, year, and place of birth. All for \$10.

This is not a vague report based on generalities. 24,000,000 bits of astrological information from an IBM 360-65 tell you what would take days for a professional astrologer to do.

Only Uniscope gives you a 25 page personal biography revealing secrets that your closest friends don't know... or would not dare talk about.

We have spent years researching and testing this program. We now have the world's most comprehensive computerized horoscope. And we're continuing to make it better.

We guarantee a Uniscope Astral Portrait is the best computerized horoscope on the market today. If you don't agree, we will refund your \$10 in full.

### "WORDS" for JUNE

by the Master Kirpal Singh

"The riches of spirituality do not at all come with loud professions or protestations. A prayer in the deep silence of the mind and uttered with the tongue of thought alone is capable of bearing any fruit..... spiritual exercises awaken in us latent spiritual powers.... Since all souls are of the same essence as of God and are correlated with each other, one may as well pray for the benefit of others. High souls always pray for the good of the entire humanity.."

Ruhani Satsang

## *The Art of The Cosmos*

The Art of The Cosmos, is a beautiful experience of blending colors and images that touch a deep spiritual awakening within each student. Work is done with the hands, no brush or pallet, using techniques that have been developed over many years. When the hand comes in contact with color a very strange and wonderful feeling is in store for the student . . . Classes are usually conducted with a background of music. The student has the opportunity of learning self awareness, creativity and spiritual advancement through these techniques!
